Experience a 20th-century marvel and traverse one of the great man-made wonders of the modern world.

Puerto Quetzal

Guatemala's largest Pacific port, Puerto Quetzal is the gateway to the country's spectacular natural and cultural splendors. From here, experience Antigua, a wonderfully preserved colonial town in the shadow of three active volcanoes, and the Maya Highlands surrounding stunning Lake Atitlán.

San Juan del Sur

A sunny beach town on the Pacific coast, San Juan del Sur is the entry point to Nicaragua, affectionately known as "the country of lakes and volcanoes." Explore Las Isletas, an archipelago of 365 little islands in Lake Nicaragua, on a scenic boat cruise before wandering the streets of Granada, a colonial city on the lake's shore.

Gatun Lake

This man-made lake was created during the construction of the Panama Canal and forms a major component of the Canal. The lake, including the flooded arm extending up the Chagres River, makes up over 20 miles of the raised part of the waterway. Surrounded by jungles, the lake is one of the few accessible areas in Central America to observe undisturbed native flora and fauna.

Grand Cayman

Known for its vibrant coral reefs and white-sand beaches, Grand Cayman is the largest of the Cayman islands. Its capital, George Town, is home to the historic ruins of Colonial Fort George.

BAHAMAS

Limón

With a vibrant Caribbean culture and the scenic, lush Veragua Rainforest, Limón is a tropical destination you won't want to miss.

Cartagena

A historic port city founded in the 16th century by Spanish conquistadors on the hunt for the mythical El Dorado, Cartagena is a charming city with hundreds of years of history. The walled Old City, a UNESCO World Heritage Site, features winding streets lined with Spanish colonial architecture and is home to many restaurants, shops and bars.

Panama Canal: An Engineering Marvel

Connecting the Atlantic and Pacific Oceans, the 48-mile Panama Canal was considered one of the greatest man-made wonders of its time, saving ships the 8,000-mile journey around South America by cutting across the Isthmus of Panama. The system of locks allows ships to ascend and descend via chambers that are filled with water flowing by force of gravity. The water travels from the highest chamber to the lowest one, bringing it to sea level (or above sea level depending upon the direction it's traveling) so that ships can climb to the final chamber and exit the lock.

three ways to sail:

FROM THE EAST COAST

Choose from a selection of 10-day roundtrip cruises from Ft. Lauderdale, sailing twice through the historic Gatun Locks. Discover the culture and majesty of Panama, Costa Rica and the Caribbean on an adventure to remember. See page 4.

FROM THE WEST COAST

Sail on this unique 19-day Panama Canal Pacific Adventure, roundtrip from Los Angeles, and experience Guatemala's rich Mayan heritage in Puerto Quetzal and Nicaragua's San Juan del Sur. Your ship will also sail into and out of Gatun Lake via the Miraflores and Pedro Miguel locks. See page 5.

OCEAN TO OCEAN

Sail between Ft. Lauderdale and Los Angeles or San Francisco on 15-day sailings. Listen as a narrator shares expert insight into the Canal as you complete a full transit through all three sets of locks between the mighty Atlantic and Pacific Oceans. See pages 4-5.

discover the panama canal

On a voyage through the great Panama Canal, you'll witness so much more than you ever imagined. Visit lively colonial cities, marvel at stunning natural beauty, relax on sun-drenched beaches and encounter incredible creatures from across the animal kingdom. And along the way, you'll traverse one of the greatest man-made marvels in the world.
